Mr. Walter L. Bailes  
State of Tennessee  
Department of Transportation  
P. O. Box 58, Knoxville, Tennessee 37901

Application is hereby made by Harriman Utility Board

Name of Applicant

P. O. Box 434, Harriman, Tennessee 37748

Address and Zip Code

for permission to install and maintain the following described utility facilities on the right-of-way of State Highway No. 61 (US 27) in Roane County: A 13200 volt electric distribution line

At the following described location Along US 27 near Webster Pike as shown on Drawings P-17 and P-18

in accordance with the attached plan and subject to POLICIES AND PROCEDURES FOR ACCOMMODATING UTILITIES IN HIGHWAY RIGHTS-OF-WAY heretofore issued by the Bureau of Highways, and made a part hereof by reference thereto, and particularly to those provisions shown on the reverse side of this agreement and any special provisions set forth herein.

Special Provisions: \_\_\_\_\_

Applicant is to deliver a bond, acceptable to the Bureau of Highways, in the sum of \$ 2500 to guarantee installation of facilities consistent with provisions of this agreement and maintenance of the highway right-of-way for a period of 6 months after acceptance of the condition of the highway right-of-way by an authorized representative of the Bureau of Highways.

Agreement requested this 5th day of October, 19 78.

Method of Performing Work:

- ☒ (a) By use of applicant's own forces  
☐ (b) By use of a contractor under terms of an existing continuing contract, which was executed prior to August 3, 1965.  
☐ (c) By contract under conditions other than those listed in (b).

Description 12" & 8" Sewer Lines  
Location State Route 29-A Roane County  
Bond \$2500.00 Running Surety

Dear Sir:

Please be advised that the Department has approved your request for the captioned installation and copies of your permit and plan are returned herewith. Before beginning work, a pre-construction conference will be required. This meeting is to be attended by a representative of the utility company, a representative of this office, the District Maintenance Engineer, and the utility's contractor if applicable. This office should be advised a minimum of five (5) days in advance so that appropriate arrangements can be made. Write to my attention at P.O. Box 58, Knoxville, Tennessee 37901 or telephone 546-3660, Ext. 256.

For utility projects which require minimum excavation, such as pole-line construction, or water service connections outside the roadbed, a pre-construction conference will not be required; however, a notice in advance of your beginning construction is necessary.

We appreciate your cooperation and if we can be of assistance, please let us know.

Yours truly,

Walter L. Bailes  
Regional Utilities Engineer
